

# Sprout Newsletter

June 2019

Hello Sprout Families!

Summer is right around the corner which means we are able to spend more time outside and participate in water play. Water play days will vary depending on the weather, so we ask that you please bring in swim diapers for your child. As a reminder, as the temperatures rise, please bring in a clean water bottle for your child daily and make sure that they have a sun hat and up to date sunscreen! Our room gets really warm during naptime which means you will need to bring in a lighter blanket for your sprout and take home any heavier winter ones.

\*\*\*\*\*PLEASE LABEL ALL OF YOUR CHILDS ITEMS AS YOUR BRING THEM IN\*\*\*\*\*

As a team we have decided to come up with a better system for parents to acknowledge the hard work we put into daily sheets. Daily sheets contain important information about your child's day and it is a way for teachers to communicate to parents whether your child needs diapers, wipes, cream, etc. Since not everyone takes their sheet home daily, we will only be doing daily sheets upon request. If you would like to continue receiving daily sheets or have any questions please let us know, thank you.

This month we will also be saying goodbye to Raylynn as she moves on to a new chapter in her life of being a mommy! We wish her well and hope to see her back at La Puerta soon! You will be missed Raylynn!

We would like to welcome Nicole and Arissa officially to the Sprout team! If you haven't met them yet, make sure to say hi!

Sprout team,

Bev, Raylynn, Anahi, Elaine, & Arissa
