

## August Pumpkin Eater's Newsletter

Happy August Pumpkin Eater's. We've missed you all and are happy to be back! Our theme this month is "Life In The Sea". We will be reading books about the sea and what lives in it. We will also be teaching about sea creatures. This month we will be welcoming new friends into the classroom! We want to welcome Paloma, Madeline and Jaire to our Pumpkin Eater classroom! We are so excited to have you and watch you grow and learn! We want to thank all parents for being patient and cooperative with all our new procedures and ask that you will continue with washing all belongings daily. Also, sun screening your child before arrival.

Reminders: Please bring your child a water bottle everyday to ensure they stay hydrated throughout the day. Wash their belongings daily. An easy way to sanitize their bedding is to put them into the dryer on high heat for 30 minutes. Instead of washing daily, if you'd like. Also, we do have a family tree wall where we have our Pumpkin Eater's and their families. If you can please make a family board for your child.

Also, If anyone would like to donate plastic bags to the classroom. It would be greatly appreciated! As they are much needed.

Wish list:

Stickers

Bubbles

Flour

\$1 Conditioner

We will continue to use daily sheets to let you know how your child's day went. If you have any questions or concerns please feel free to contact La Puerta or any of us on ClassDojo. Thank you!

Pumpkin Eater Team : Stephanie, Ivi, Destiny and Raylynn!
