

Peacock October 2020 Newsletter

Hello parents! Its been fun being with the kids again! We had a blast in September learning about apples, finishing our transportation unit and working on our handwriting. In October we will be continuing our fall theme with changing leaves, pumpkins, hot air balloons, and we will finish out the month with a Halloween unit.

In order to help with ventilating our classroom we will be leaving the windows open a little longer than usual so don't forget to bring an extra jacket.

We are always working to improve our hand washing skills at school! They are doing a great job!

Sherice & Megan
